D2CTM
FULFILLMENT SHIPPERS

Introducing the most versatile direct-to-consumer fulfillment shipper.

The D2C shippers are designed to meet the needs of today's high-volume fulfillment market.

- Separates easily, saving labor
- Protects diverse product and container shapes
- Enhances the presentation with clean edges and a smooth finish

Like all of Western's shippers, the D2C design offers the best balance in economy, performance and sustainability.

Available in three convenient sizes.

S D2C 6.88 Shipper

Cavity Length	137 mm
Cavity Diameter	86 mm
Case	156 ea.
Case/Pallet	3,120 ea.
Bulk/Pallet	2,800 ea.

M D2C 10.95 Shipper

Cavity Length	229 mm
Cavity Diameter	86 mm
Case	100 ea.
Case/Pallet	1,600 ea.
Bulk/Pallet	1,760 ea.

L D2C 12.00 Shipper

Cavity Length	239 mm
Cavity Diameter	97 mm
Case	32 ea.
Case/Pallet	1,024 ea.
Bulk/Pallet	1,024 ea.

Interlocking design saves space.

Low cost protection. Tested and proven.

D2C shippers perform well in the test labs and in the field.

Impact-absorbing geometries are designed to withstand the hazards of today's distribution environment.

Western's line of molded fiber shippers have repeatedly met the high standards required by FedEx, UPS, and ISTA test labs.

MADE IN THE
USA

D2C™
FULFILLMENT SHIPPERS

Minimum 19mm clearance.
For increased protection, a shock-absorbing zone surrounds each bottle.

Accepts 86mm diameter jars.

Shown above, the D2C 10.95 Shipper.

Accepts 229mm tall bottles.

Smart saddle design.
Elevated saddle captures tall bottles, reduces movement of shorter jars.

Responsible manufacturing, made in the U.S.A.

D2C fulfillment shippers are made by Western Pulp Products Company, which, since 1958, has manufactured a variety of innovative molded fiber products that:

- Divert waste fiber from landfills or incineration
- Displace products that are not biodegradable
- Use renewable and sustainable materials
- Recycle, compost or biodegrade after use

Environmentally responsible.

Western is a strong advocate of proper recycling, recovery, and handling of waste associated with packaging. Western designs its packaging components to minimize environmental impact in compliance with many agencies, including:

- CONEG CERTIFICATION/MODEL TOXICS IN PACKAGING COMPLIANCE
- CALIFORNIA TOXICS IN PACKAGING PREVENTION ACT
- EUROPEAN UNION'S DIRECTIVE ON PACKAGING AND PACKAGING WASTE (pertaining to heavy metals content requirements)
- 2008 U.S. LACEY ACT AMENDMENTS

D2C Beverage Bottle **TOP SHIPPER**

Introducing a new D2C™ Shipper for direct-to-consumer beverage shipments in *glass bottles*

The new D2C Beverage Bottle Top Shipper is designed as a companion part to our Beverage Can Shipper. Designed to fit common and refillable 12oz./355ml long neck bottles, 16.9oz./500ml bottles and single serving 187ml sparkling wine bottles. Now bottles of Craft Beer, Ciders, Alternative non-alcoholic drinks and “splits” of sparkling wine can be safely shipped using a Beverage Can Shipper for the bottom in combination with the new D2C Beverage Bottle Top Shipper.

To ship 12 Bottles, use the Beverage Bottle Top Shipper along with a bottom Beverage Can Shipper:

Cut bottom and top Shippers in half to serve as top and bottom shippers for 6 bottles:

Environmentally Responsible

All D2C products are made in the U.S.A. and contain a minimum 99% post-consumer recycled paper content based upon five years of third-party independent certification.

You can learn more about Western's responsible manufacturing practices at westernpulp.com.

D2C BEVERAGE BOTTLE TOP SHIPPER

Shippers/case	24 each
Shippers/pallet	30 cases or 720 shippers

D2C Beverage Can SHIPPER

Introducing a new D2C™ Shipper for direct-to-consumer beverage shipments in aluminum cans

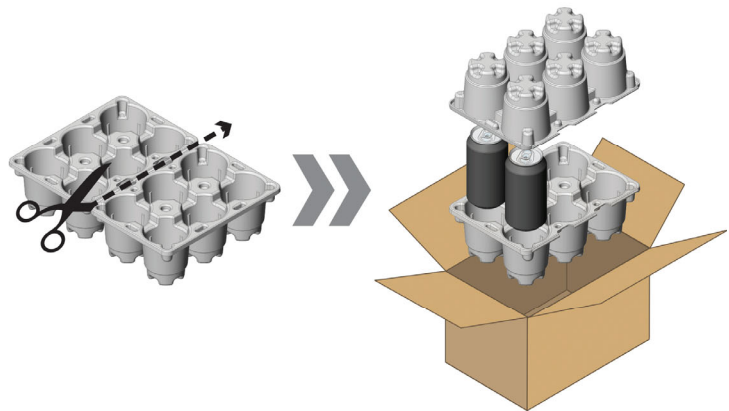

Designed to fit *Standard* (211 or 66mm diameter) and *Sleek* (204.5 or 58mm diameter) format beverage cans in a range of both U.S. and Metric sizes from 12oz./355ml – 16.9oz./500ml.

Addresses the growing demand for Wine, Craft Beer, Ciders, or Alternative/Energy Drinks in cans as a convenient and sustainable option for consumers to enjoy their favorite liquid refreshments.

To ship 12 cans, use 2 Shippers:

Cut the Shipper in half to serve as top and bottom shippers for 6 cans:

Environmentally Responsible

All D2C products are made in the U.S.A. and contain a minimum 99% post-consumer recycled paper content based upon five years of third-party independent certification.
