CONFIGURATION	
Pack Count	6
Shipper Count	3
Cubic Feet	1.48

CONFIGURATION	
Pack Count	12
Shipper Count	5
Cubic Feet	2.35

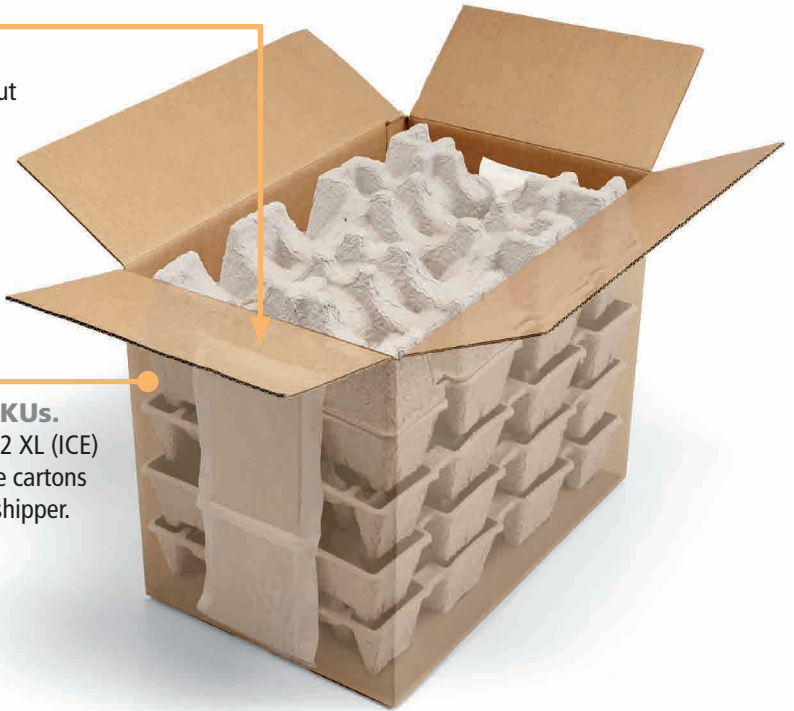

Versatile.

Refrigerants can be added during or after the pack-out process.

NOTE: The 3-6-12 XL (ICE) shipper must always be used in combination with foam refrigerant bricks.

No need for additional carton SKUs.

The Vintner's Choice 3-6-12 XL (ICE) can be used with the same cartons as the popular 3-6-12 XL shipper.

The first molded fiber shipper designed for use with foam refrigerant bricks.

Has all of the same benefits found in our 3-6-12 XL shipper.
Now with new Smart Channels for easy insertion of foam refrigerant bricks.

Contact us

Responsible manufacturing, made in the U.S.A.

Vintner's Choice wine shippers are made by Western Pulp Products Company, which, since 1958, has manufactured a variety of innovative molded fiber products that:

- Divert waste fiber from landfills or incineration;
- Displace products that are not biodegradable;
- Use renewable and sustainable materials;
- Recycle, compost or biodegrade after use.
