

Shock Block

High Performance Molded Fiber Packaging Protection

Ready to use right out of the box.

Versatile

Shock Blocks have a variety of applications. Manufacturers have discovered the versatility of using Western's Shock Blocks in a box-within-a-box for added protection.

Shock Absorbing, No Edge Contact

A patented geometry of ribs and tunnels provide impact protection without direct contact to corners and edges. This ribbed design also absorbs impact, dissipates energy, and dampens vibration over a wide frequency range.

Impact Protection For Edges And Corners

This cut-away shows the rib-and-tunnel design which eliminates pressure points and abrasion on corners and edges.

Patented Performance

C500

1/2" Corners

CATALOG NO.	C500
CLEARANCE	.500"
EDGE REACH	3.75" x 3.75" x 3.75"
WEIGHT RANGE	30-80 lbs.

C625

5/8" Corners

CATALOG NO.	C625
CLEARANCE	.625"
EDGE REACH	4.75" x 4.75" x 4.75"
WEIGHT RANGE	70-120 lbs.

E625

5/8" Edges

Snaps apart into 6" sections

CATALOG NO.	E625
CLEARANCE	.625"
EDGE REACH	2.25" x 2.25" x 48"
WEIGHT RANGE	70-120 lbs.

M500

Multi-Use

Ideal for toe space protection

CATALOG NO.	M500
CLEARANCE	.500"
EDGE REACH	2.25" x 2.25" x 7.00"
WEIGHT RANGE	30-80 lbs.

Responsible Manufacturing

Since 1958, Western Pulp Products Company has manufactured a variety of innovative molded fiber products that:

- Divert paper fiber from entering the waste stream
- Displace products that are not biodegradable
- Use renewable and sustainable materials
- Can be recycled or will biodegrade after use

Socially Responsible

The paper used in Western's Fulfillment and Packaging material is purchased directly from recyclers, including charitable groups in our community at fair market value, which in turn supports those they serve.

Environmentally Responsible

Western designs its packaging components to minimize environmental impact in compliance with relevant legislative acts and EU directives.
